THREE GENERATIONS OF PURE FUN....

What could be more fun than building high-quality pleasure boats for families across the country? At Smoker Craft, that's what we've done for three generations. And now, with the Infinity line, you can see just how far we've come. This year, the excitement continues with even more innovative, feature-loaded models than ever before. From the top of the line luxury of our S-Series pontoons and deck boats, to the sporty performance of our runabouts, to the amazing values that put a new Infinity well within reach. This is the year to make it all happen. Because one thing's for sure. The fun our family put into building your boat will only be matched by the fun your family will have for years to come.

ALL THE DETAILS THAT SET US APART.

Allow us to give you a behind-the-scenes look at what makes an Infinity pontoon great. For one thing, we offer more innovative floorplans, year after year. One model that's sure to get attention is the S-8527 RE HT. In addition to its "upstairs" seating, it features a new optional bar area with bar stools — which is perfect for entertaining. Other important details include our 1-1/4" railings which exceed industry standards and are either anodized or powder coated for showroom looks that'll last for years to come. You'll also appreciate our superior pinch-proof gate design — with Posi-Lock latches and heavy-duty hinges. Our fence panels are insulated, to prevent rattling. And our bimini tops are the easiest to use — with struts, not straps,

and high-quality canvas. Every pontoon model features full-length keels and nose cone fins, while select models offer aluminum bottom skin and lifting strakes — all to give you superior handling and the added muscle to enjoy your favorite tow sports. Other important details include waterproof sheathed wiring with state-of-the-art Deutsch connectors, as well as a sophisticated drainage system, allowing water to drain through the seat storage and out of the pontoon.

**1. GATES:**

For maximum safety, you'll find pinch-proof protectors and Posi-Lock® latches on the gates of all our pontoons, as well as heavy-duty gate stops.

2. DECK:

We have so much confidence in our floors that they carry a lifetime, transferable warranty. Every pontoon features 3/4" Marineteck PTP 7-ply pressure-treated plywood that won't warp or rot. And the floor is securely through-bolted and screwed to the hat channels for a powerful hold.

3. CARPET:

Our seamless plush pile carpet, up to 32 oz., is made of 100% UV-stabilized polypropylene and has a five-year warranty. For extra durability, we bond it to the deck with marine adhesive and 200 lbs. of rolling weight, while stainless steel staples secure it to the perimeter of the deck.

4. SPACERS:

Our pontoons feature 3/8" spacers between the fence bottom and the deck, allowing water to drain easily and cutting carpet drying time in half.

5. FENCING:

Your pontoon's fencing is as attractive as it is durable, thanks to the .030 aluminum panels which are foam-backed to prevent rattling and feature supplemental cross members for added strength. Anodized railings serve to prevent the buildup of unsightly black residue.

FULL-LENGTH KEEL/SKID BAR:

Our tubes feature a 1/2" aluminum keel running the full length of the tube. This provides maximum protection for the tubes while trailering and serves to deflect debris, enhance steering, and help prevent drifting.

6. TUBE CONSTRUCTION:

Because so much is riding on the tubes, we back ours with a lifetime warranty. Unlike other manufacturers, our tubes are heavy gauge (.080) with welded chambers to keep the pontoon afloat even if a section becomes punctured, and they feature rear anti-electrolysis drain plugs for easy draining. In addition, our air-filled tubes make the pontoon lighter, giving you more power and better fuel economy.

7. NOSE CONE:

Our nose cone knives cleanly through the water, with two 13" fins deflecting water away from the boat, giving you a smoother, drier ride. The anti-puncture skid bar runs the entire length of the tube for added protection and steering control. And an extruded aluminum cap adds strength to the cone and protects you from sharp edges.

8. LOUNGE FURNITURE:

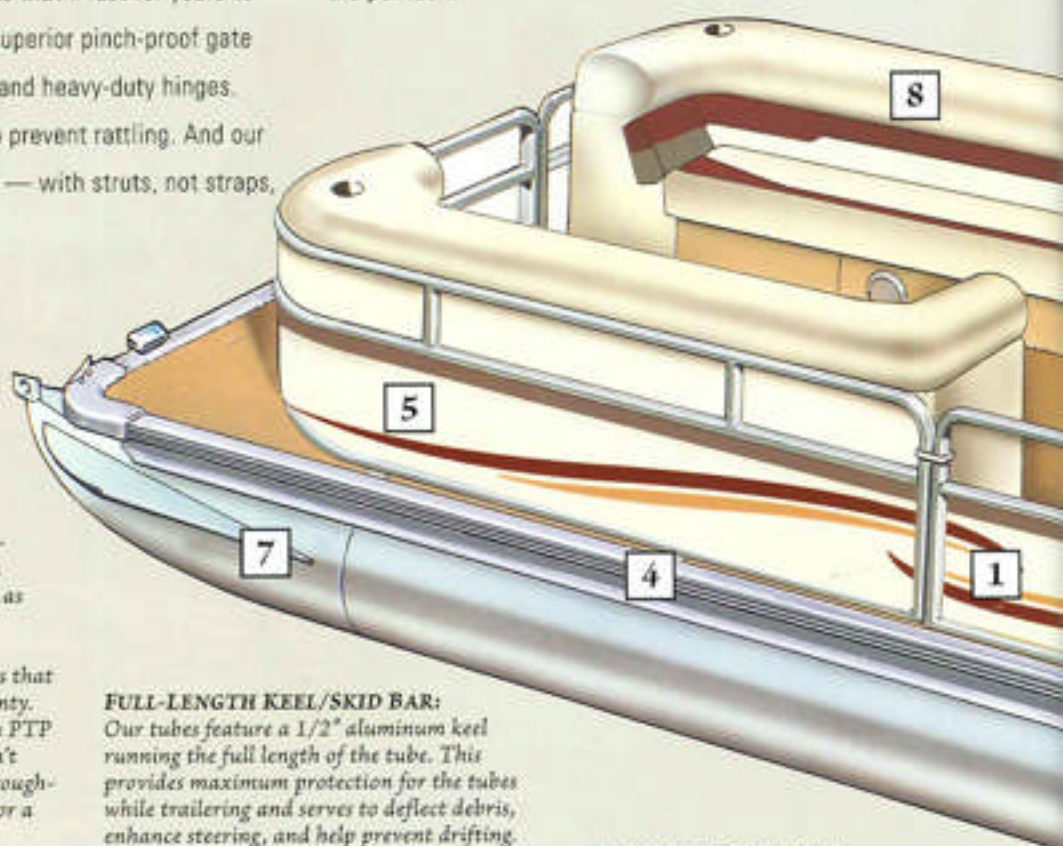

The comfort and durability of our lounge furniture starts with reliable rotocast bases which provide dry underseat storage areas. Our thick foam padding is treated with biocide, and our 33 oz. high-grade marine vinyl features a stain resistant topcoat that protects the beauty of the furniture for years to come.

ALUMINUM BOTTOM SKIN:

Select pontoons feature our aluminum bottom skin, for a smoother glide that helps your engine operate more efficiently and saves you fuel, even at higher speeds.

"V" TRANSOM

Our all-aluminum "V" transom carries a lifetime warranty and is designed to reduce spray and prevent cavitations in turns. Fins work to provide the optimum lift for better water flow and faster speeds.

NOTE: Because weight distribution is extremely important when operating a pontoon boat, passenger weight should be distributed evenly for best overall performance. Also keep in mind that a four-stroke engine is much heavier than a two-stroke engine, significantly increasing the weight load in the stern. Check with dealer for performance evaluation and weight differential for four-stroke and two-stroke engines.

WARRANTY

For your peace of mind, we back our pontoons with industry-leading lifetime warranties on the decks, tubes and transoms.

CROSS CHANNELS:

There's no substitute for a strong foundation — and that's what you get with our 8' (or 8.5') x 6" x 1/8" aluminum hat channels. They are double through-bolted onto deck risers every 24" for exceptional support and structural integrity, and they actually double the amount of Z-channels used in other pontoons.

TAKING LUXURY TO NEW HEIGHTS.

Welcome to the unbeatable luxury of our flagship S-Series pontoon, including the amazing hard top model. This series features every imaginable comfort, including wraparound couches and L-group seating, as well as a lighted changing room. Just a few of the options you'll want to consider include a galley with refrigerator and a ski tow — giving you maximum versatility for all-day outings.

FEATURES OF THE S-SERIES:

1. **LIGHTED RECESSED CUPHOLDERS:** *These deluxe cupholders are out of the way, but not out of sight, thanks to the recessed lighting.*
2. **LIGHTING PACKAGE:** *Need info for this Photo...*
3. **ROPE LIGHTING:** *You'll enjoy a relaxed, casual atmosphere, thanks to the concealed mood lighting and stylish rope lighting under the hard top.*
4. **DRIVER'S CONSOLE:** *At the helm, you'll enjoy the sharp, sports car-inspired styling of the console and steering wheel.*

DEFINITELY NOT YOUR FATHER'S IDEA OF A PONTOON.

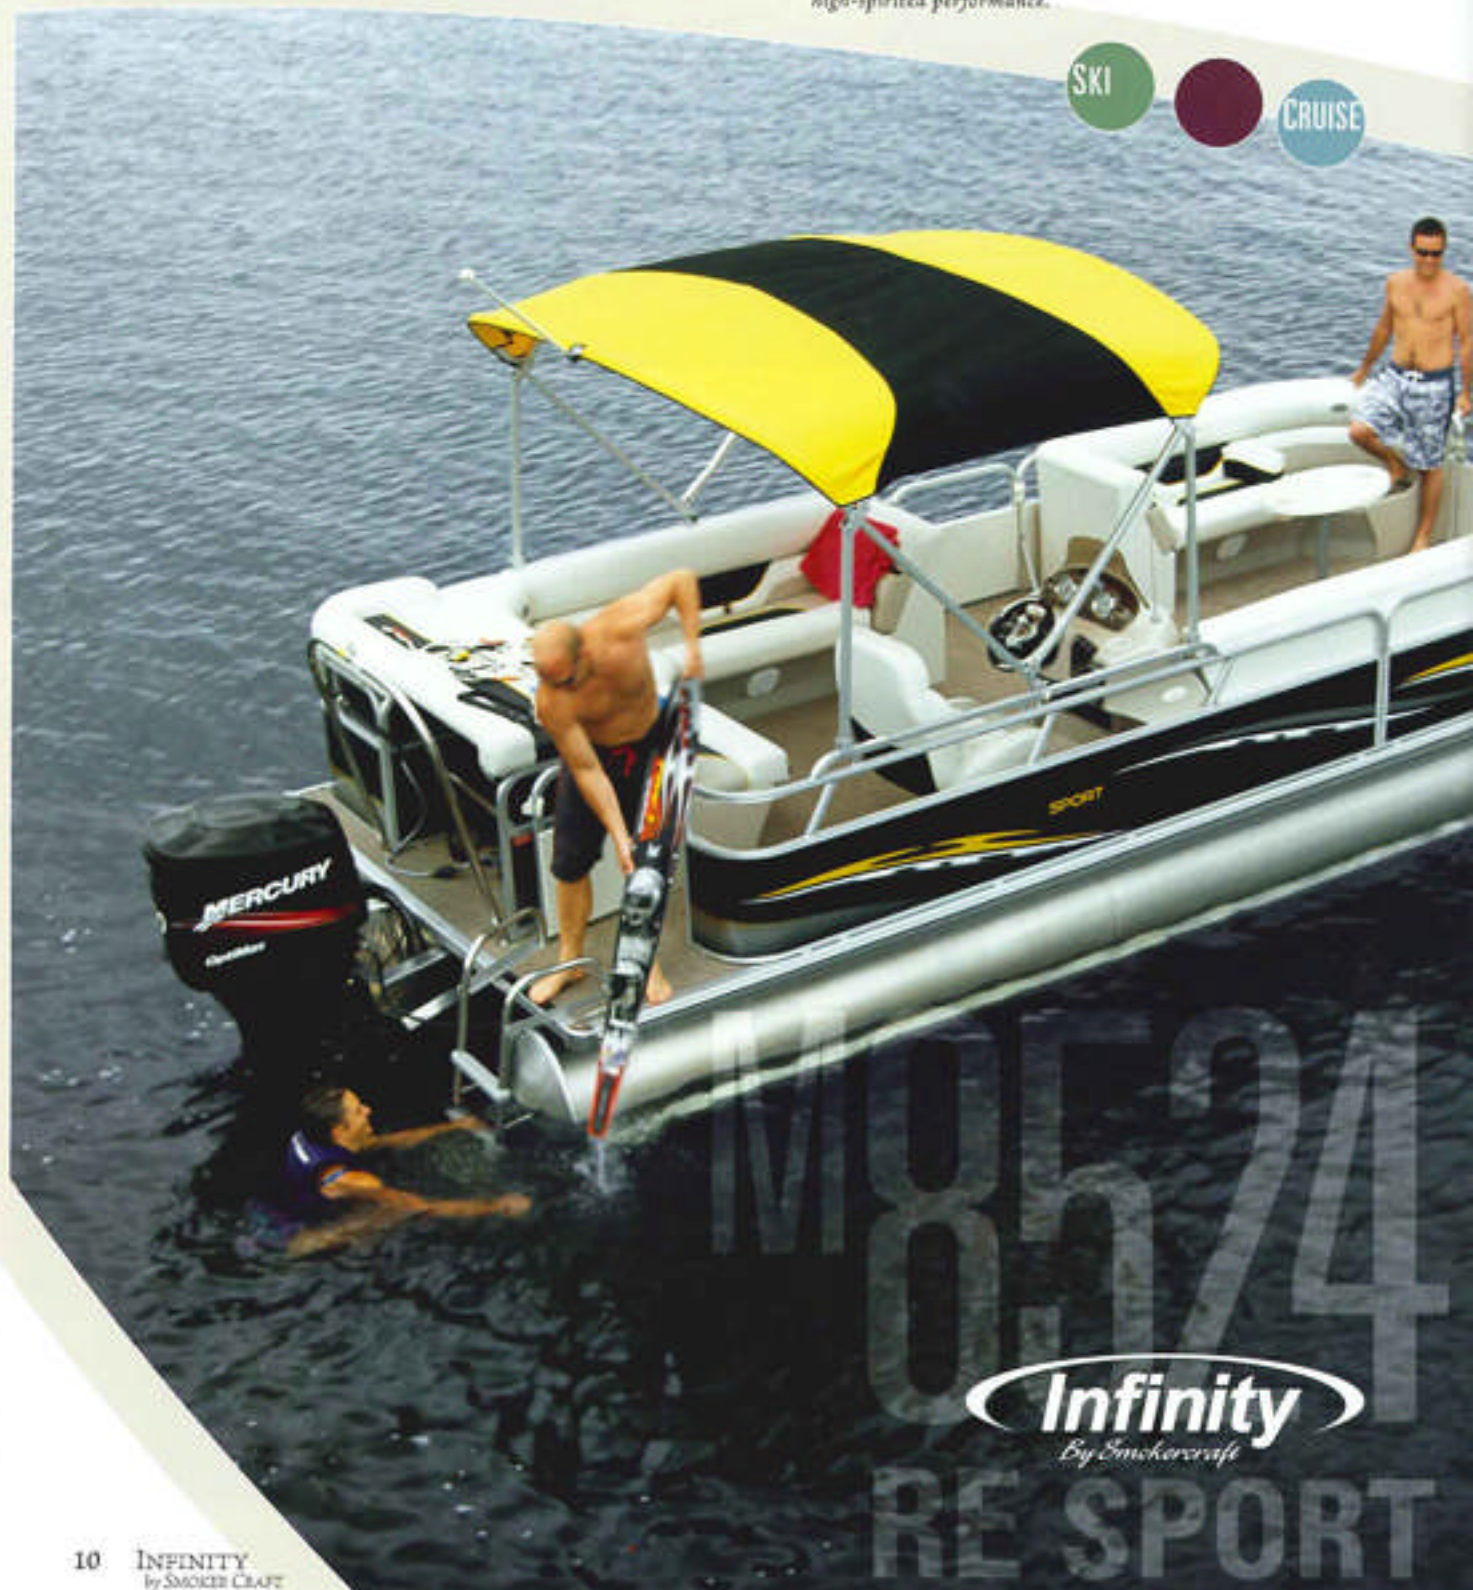

Yes, leave it to Infinity to create a pontoon that's all about making waves. You'll love the contemporary decor with rounded fronts and plush wraparound seating. You'll also enjoy the excitement of its maximum 200 horsepower capacity and the enhanced performance of 25" tubes and aluminum bottom skin. Plus, you'll have the option of a tri toon and a performance package with lifting strakes. In short, this is a pontoon that knows how to move.

FEATURES OF THE M-SPORT:

1. UNDER-SEAT STORAGE: You'll have plenty of room for all of the day's gear in the dry under-seat storage compartments.
2. SKI TOW: The standard ski tow lets you enjoy all your favorite watersports.
3. LOUNGE SEATING: Our exclusive seating design features plush cushions and comfortable lounge arms.
4. DRIVER'S CONSOLE: If you're lucky enough to be the one behind the wheel, you'll love the sports car-inspired dash and steering wheel and comfortable helm seat.
5. PERFORMANCE TUBE: Lifting strakes on the tubes help give the Sport its high-spirited performance.

HOW DO WE MEASURE VALUE? FEATURE BY FEATURE.

Nobody brings you more great pontoon value packages than Infinity. We offer both fishing and cruise models with your choice of sundeck models and a rear entry model. Like all of our pontoons, the M-Series includes countless thoughtful details, including pinch-proof gates, durable rotocast furniture bases and capped nose cones that protect your family from sharp edges. Whether you're looking for a fishing toon, or simply a family fun boat, the M-Series gives you more boat for your money — inside and out.

FEATURES OF THE M-SERIES:

1. **DRIVER'S CONSOLE:** Every Infinity pontoon features a fiberglass console base with automotive-style dash and a comfortable helm chair. Shown with optional windscreen.
2. **LIVEWELL:** The fishing models feature a built-in livewell to help get the catch of the day home safely.
3. **STORAGE:** No matter how many watersports you enjoy, you'll have room for all your gear in the dry under-seat storage spaces.
4. **REAR ENTRY:** The M-Series rear entry models offer the added convenience of a boarding ladder.

EVERY STEP LEADS TO A BETTER BOAT

Compare Infinity's fiberglass construction with that of any other deck boat or runabout and you'll see what makes our boats so great. It all starts with better materials and more precise methods. And most importantly — a commitment to higher standards. Look inside the layers, and you'll find sophisticated drainage systems and self-bailing cockpits. As well as details like plywood-free composite upholstery backers, high-density rotocast seat bases and computer-controlled routing — for lids and doors that fit better and don't creak when walked on.

WARRANTY

Infinity warrants each new fiberglass hull for a period of five (5) years, from the date of purchase by the original purchaser (based on years of use under normal recommended operating conditions) as described in the warranty folder. A copy of the Infinity Limited Warranty is attached to each new Infinity boat, or may be obtained from any dealer or the Smoker Craft factory.

FIBERGLASS CONSTRUCTION:

All our fiberglass boats feature our exclusive 7-layer construction process. This begins with our superior hand-polished and waxed molds and continues through every detailed step to the final hand rolling, ensuring the elimination of unwanted air pockets.

7- LAYER CONSTRUCTION:

- 1 22 mils ISO-NPG Gel Coat
- 2 1-1/2 oz. Fiberglass Mat
- 3 Spraycore® Barrier Coat
- 4 60 mils of Fiberglass Mat
- 5 2 mils Coremat
- 6 60 mils of Fiberglass Mat
- 7 18 oz. Bi-Axial Fiberglass

FEATURES & BENEFITS:

- A Stainless Steel Gunnel Rail
- B 35 oz. Upholstery with Euro Top Stitches
- C Self-Bailing Cockpit
- D Composite Lids
- E Flip-Up Helm Bolster
- F Fold Down Cleats

STRINGER SYSTEM:

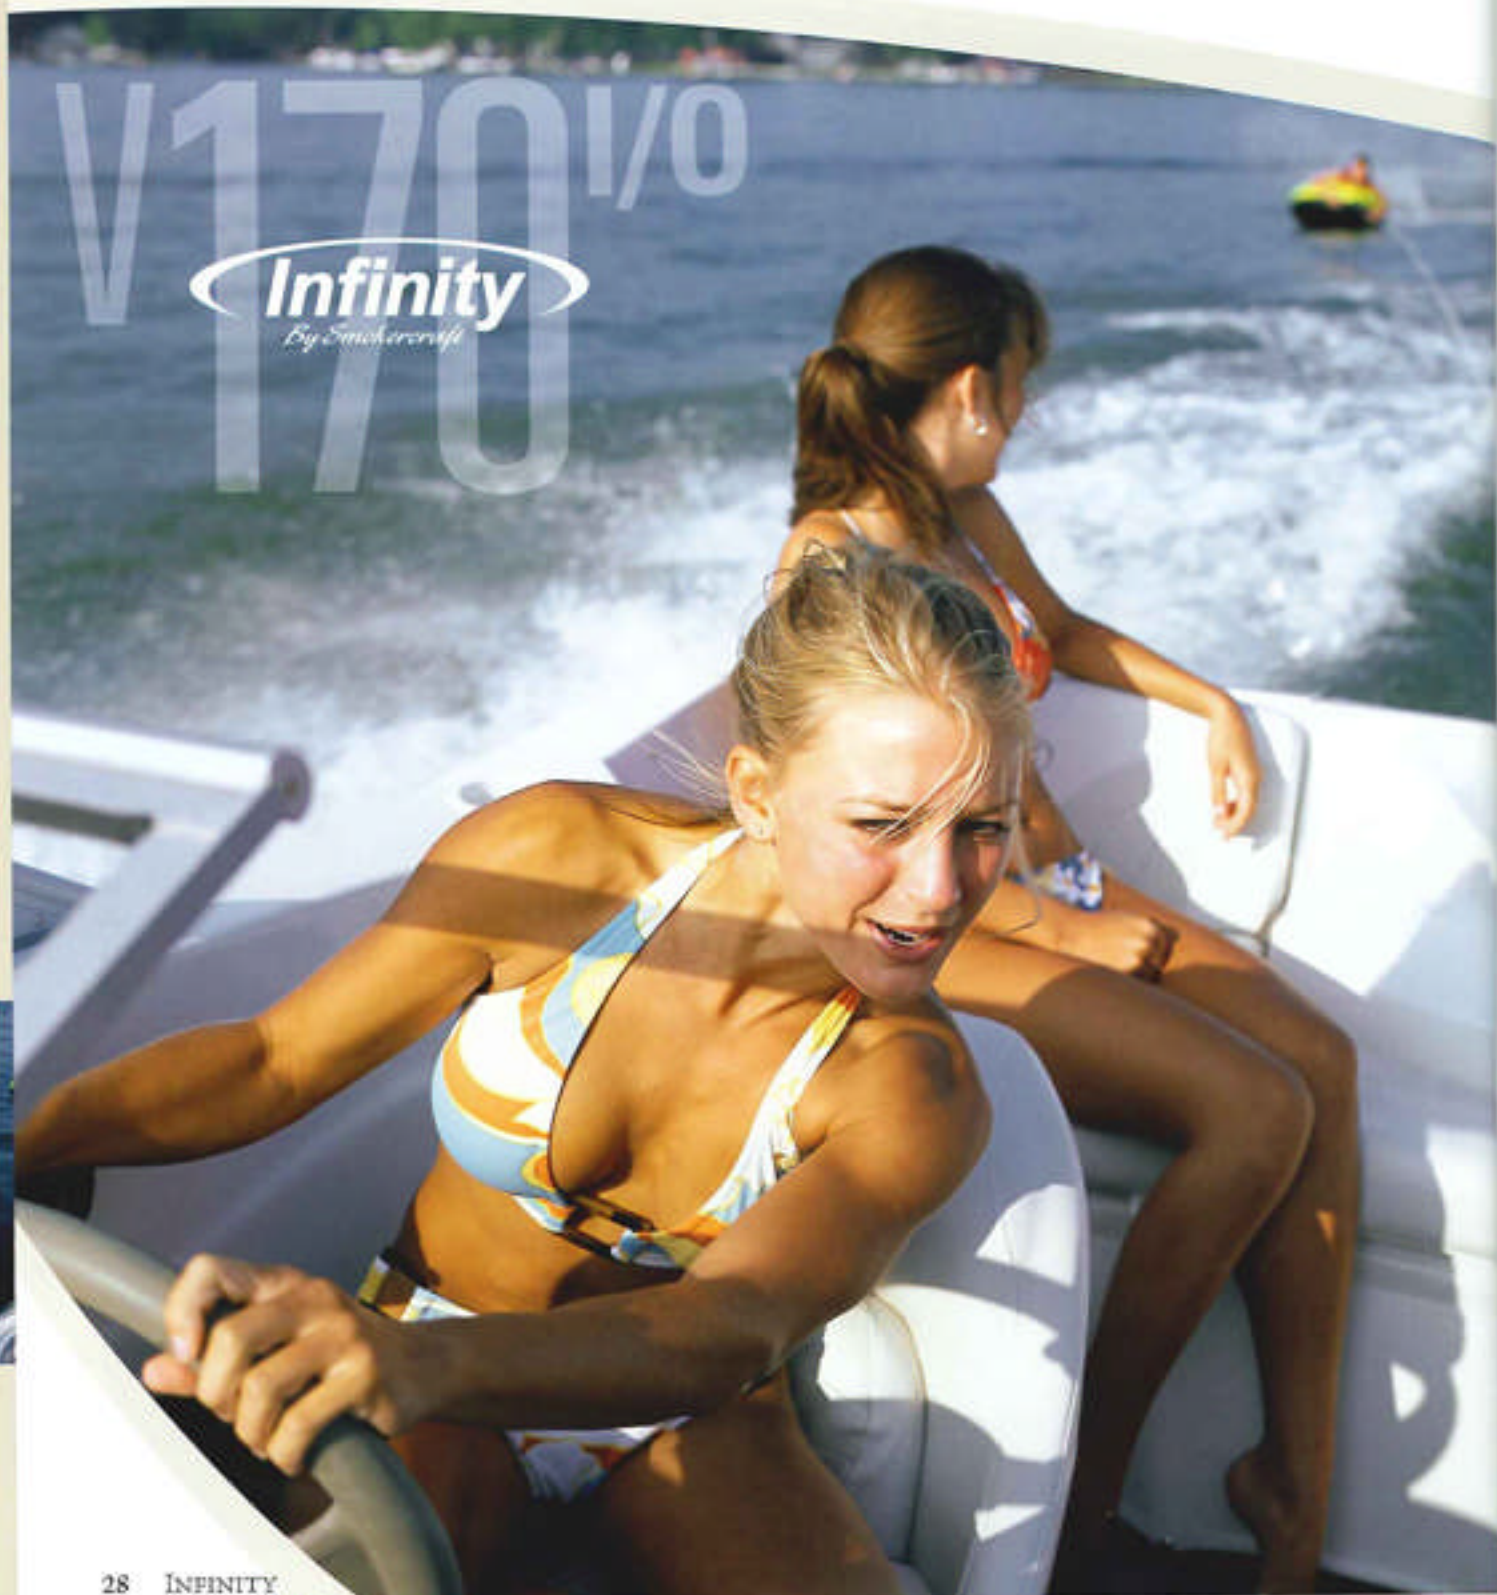

The strength of the hull comes from our pre-assembled, interlocking stringer system, built with pressure-treated wood. It is thoroughly encapsulated in fiberglass and laminated to the hull with superior 2415 Fab-Mat for added reinforcement.

IT DOESN'T GET ANY SPORTIER THAN THIS.

Welcome to the most versatile sport boats you'll find anywhere. Our 170 series includes OB and I/O models — both with Fish & Ski packages. You'll enjoy open bows with cushioned seating, curved walk-through windshields and companion bucket seats. And no matter which model you choose, you'll have plenty of dry storage space for all of the day's gear.

FEATURES OF THE RUNABOUTS:

1. **BOARDING LADDER:** In the stern, you'll find an integrated swim step with boarding ladder.
2. **SKI TOW:** A ski tow ring is standard on the I/O models, while a ski tow is an option on the OB.
3. **LIVEWELL:** The Fish & Ski models feature a built-in aerated livewell to safely hold your catch.
4. **FISHING PACKAGE:** On the Fish & Ski models, the bow area converts to a fishing platform with fishing seat, and there's also a fishing seat location in the stern.

PERFORMANCE THAT'LL TAKE YOUR BREATH AWAY.

Are you looking for a smooth, dry riding sport boat with exceptional handling? Then take a closer look at the Infinity runabouts. Our 2005 lineup boasts more features for the money than you'll find anywhere else. With cushioned open bows, large sundecks and roomy seating for eight (six on the 160). Plus, large fuel tanks let you cruise farther and ski longer. And the high-quality gel coat finish keeps your boat looking great for years to come.

FEATURES OF THE RUNABOUTS:

1. **BOW SEATING:** A cushioned open bow lets passengers enjoy the ride up in front.
2. **CD PLAYER:** You'll enjoy the superior audio of a CD player with two marine grade speakers.
3. **STORAGE:** You'll have plenty of room for life jackets and other gear in the dry under-seat storage compartments.
4. **V-190 I/O DRIVER'S CONSOLE:** At the helm, you'll enjoy the sports car-inspired dash with domed gauges and a full instrumentation panel.
5. **SUN DECK:** Ample room for those of you who worship the sun as much as you do the horsepower.

TOPS, CURTAINS AND COVERS

To help you make the most of your time on the water, we offer a wide range of tops, curtains and covers. For pontoons, the bimini and double tops provide maximum versatility, while the camper top features windows you can open and close, and the playpen cover keeps leaves, twigs and other debris out of the boat. Some of our fiberglass runabouts come standard with a bimini top, and many models offer optional side and aft curtains, as well as bow and mooring covers.

CONSOLE

Select models feature our custom-molded consoles with deluxe gauges, and all of our consoles are ergonomically organized, with easy-to-read dials and easy-to-reach switches and circuit breakers. Many of our fiberglass models also feature tilt steering, along with either hydraulic or anti-feedback steering. And, on dual console models, you'll also find beautiful walnut grain and such amenities as a lockable glovebox and molded cup holders.

SEATS

Comfort reigns throughout your boat, thanks to our advanced seats with pinch-proof hinges, contoured bottoms and backs, and resilient foam padding. Our wood-free construction ensures that the seats won't warp or rot.

APPAREL

To complete the package, we offer an exclusive line of Smoker Craft shirts, jackets and hats. For your convenience, you may order online by visiting our website at www.smokercraft.com.
